

## Additional conditions of participation and important information about TNT race track training & TNT Cup events

### 1. GENERAL:

TNT racetrack training & racing events are suitable for everyone who is in a suitable physical condition at the time of the event, both physically and mentally

.

### 2. REGISTRATION - BOOKING POSSIBILITIES

Registrations for TNT training racing events must be made online at [www.ridektm.com](http://www.ridektm.com). Only the products and services offered therein apply.

Services listed free of charge can be changed by the organizer or removed from the offer at any time. There is no entitlement to remuneration or compensation.

### 3. PANDEMIC SITUATIONS WITH POSSIBLE IMPACT ON EVENTS run by GAP / OAT:

- If an event cannot be carried out or is canceled by the racetrack and / or the organizer, it is fundamentally guaranteed that ... ..

- a) the amount already paid is repaid at the customer's request, or
- b) is provided as credit for an equivalent replacement date, also in the following year.

If the organizer is able to offer an appropriate / equivalent replacement date (also in the following year) for the canceled date, all customers booked for the canceled date will automatically be rebooked to the replacement date. Should a customer not be able to keep the replacement date, this must be communicated to us in writing within 14 days of publication & notification of the replacement date.

- If / can an event take place, only the current terms and conditions apply, 6.2 Cancellation rule  
 If a participant does not want to take part in the booked event due to regional / national or similar influences or regulations (e.g. travel warnings) or for personal reasons / assumptions, there is no right to reimbursement or credit.

Compliance with the legal requirements as well as national and international regulations, etc. for the journey to the respective event location, regardless of whether it is in Germany or abroad, is the sole responsibility of the participant. The organizer is not responsible for this.

We kindly ask our customers to do the following:

- a) to take advantage of all opportunities for regular attendance at the appointment
- b) if necessary, sell the participation to another interested party in a timely manner. The rebooking is of course unbureaucratic and free of charge on the part of the organizer.  
 On some dates there is also a waiting list that we can fall back on
- c) Conclusion of adequate travel cancellation insurance.

It is also important to note that a booked event (e.g. TNT race training), regardless of the country, is NOT a package tour!

Here again the excerpt 6.2 Cancellation regulation from the valid and unchanged terms and conditions: <https://www.ridektm.com/at/tnt-race-orange/tnt-informationen.html>

Cancellations must be made in writing (by email, fax or letter). Time of cancellation and cancellation costs:

The cancellation fee is 20% of the invoice amount including additional costs if the cancellation is received by OAT more than 8 weeks before the date.

The cancellation fee is 50% of the invoice amount including additional costs if the cancellation is received by OAT more than 2 weeks before the date.

The cancellation fee is 100% of the invoice amount including additional costs if the cancellation is received by OAT exactly or less than 2 weeks before the appointment.

The participant can transfer the contractual relationship to a person, provided that this person meets all the requirements for participation and the transfer is communicated to the organizer within a reasonable period of time before the departure date.

The transferor and the new participant are jointly and severally liable for the unpaid remuneration and, if applicable, for the additional costs arising from the transfer. A transfer is not possible for tickets that have already been issued.
